This 2 hour online workshop intensive will examine the legal responsibilities of Councils for discontinuing roads within their municipal districts and selling, transferring, or retaining the land from discontinued roads under the Local Government Acts 1989 and 2020 and the Land Act 1958. It will also look at many of the problems that are often encountered, sometimes leading to litigation before the Courts.

The workshop, to be conducted by Peter Lucas and Kristy Tennant, will look at the statutory and other requirements necessary for Councils to lawfully discontinue roads and deal with the land from discontinued roads.

This workshop will benefit those members of Council staff who have had previous experience with road discontinuances (but who otherwise require a refresher) as well as those officers who have had no experience in this area.
